ROYAL ASIA SERVICES PTE LTD · RA ENERGY GROUP

Skilled Manpower Portfolio

QA/QC • Structural & Piping • Electrical & Instrumentation

SINGAPORE WORKFORCE ROSTER

2026 EDITION

OUR OBJECTIVE

Royal Asia Services Pte Ltd (RA Energy Group) maintains a comprehensive pool of experienced, qualified manpower across Singapore, Indonesia, Malaysia, and internationally, encompassing QA/QC, structural, piping, electrical & instrumentation, and administrative disciplines. Our workforce has been developed through sustained deployment on major offshore, marine, and oil & gas projects — including FPSO new-build construction, topside module fabrication, shipyard repair, LNG expansion, and pipeline construction — in partnership with leading EPC contractors, operators, and shipyards worldwide.

This portfolio represents our current workforce capability: verified project histories, professional certifications, and residency status for each candidate, enabling efficient shortlisting and rapid mobilization once a requirement has been identified.

It is our objective, in presenting this catalogue, to position Royal Asia Services Pte Ltd (RA Energy Group) as a trusted and reliable manpower supply partner for organizations undertaking offshore, marine, and industrial projects on a global scale. We are committed to providing qualified, deployment-ready personnel capable of meeting rigorous project schedules, technical standards, and safety requirements from the outset of engagement. We welcome the opportunity to discuss how our workforce capabilities may support your current and forthcoming project requirements.
